FOREWORD

The 1949 SPOTLIGHT is presented as a book—Memories of E.C.H.S. It tells the story of students and teachers—their work and accomplishments, their friendships and happy moments. From the lowliest freshman to the most dignified senior our story is woven. May it be a book read over and over through the years which brings back the pleasant memories of E.C.H.S. days.

ACKNOWLEDGMENTS

ACKNOWLEDGMENTS

As we, the students of E.C.H.S., tell the story of our school year, we have acknowledgments to make. They go to our teachers, those men and women who have tried to teach us day by day those things which will help us be successes in the years to come. Their patience and understanding and their cooperation with all our activities will always be remembered. Without the faculty our story of this year could never be told.

J. G. McCracken
Superintendent

E. C. Funderburk
Principal

It is unusual for a school to have a superintendent and a principal as interested in the welfare of the students as Mr. McCracken and Mr. Funderburk are. Mr. McCracken has been with us five years and Mr. Funderburk three years. In that time both have given generously of time and energy in order to help us solve our everyday problems and develop into useful citizens. They have shown in many ways that they are striving for a greater school. We, the student body, are proud to have two such men as these leading us.

Isn't it hard to believe that our first year in E.C.H.S. is almost over? Is it possible that it was only nine months ago we entered dear old E.C.H.S? Do you remember that first day when the sophomores greeted us with lots of gaudy lipstick and cheap perfume? It didn't take them long to have it plastered all over us.

For the first few days we were a little uneasy about our courses and classrooms. Our subjects were all so new and different—Latin, science, home economics, algebra.

The Student Council gave a big dance in our honor on our first Friday night at E.C.H.S. The gym was beautifully decorated and it helped us feel we were really a part of high school.

In the tuberculosis essay contest we walked away with top honors, our class members winning first and second prizes. We soon belonged to the clubs and took part in the extra-curricular activities.

As we look back on freshman days in the years to come the memories of each little incident will flood over us and we'll remember the good times and hard times of freshman days.

MEMORIES OF FRESHMEN DAYS

Weren't those happy days we spent on the beach at Nags Head?

Poor freshmen! Bet you won't ever forget that first day of school!

The freshman girls get the works on "initiation day."

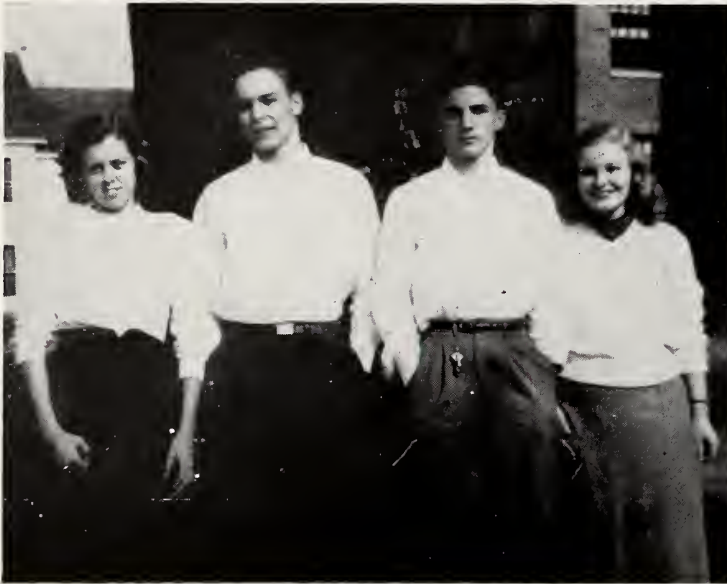

It's a long, hungry wait at the line in the lunchroom each day.

Are these girls posing pretty, or just acting silly?

We had so much fun at our first dance in E.C.H.S. The Student Council gave it for us.

SOPHOMORES

It was an exciting day—our first day as Sophomores of E.C.H.S. You see, this time we weren't on the receiving end of first day initiations. It was fun to see the "freshies" shriek and shout as we, oh, so artistically applied various shades of lipstick. How nice to no longer be the baby class of E.C.H.S.

Our work in extra curricular activities increased this year. Besides belonging to all the clubs open to us we worked on the student council, *The Loudspeaker*, *SPOTLIGHT*, and the safety patrol. Some of the athletic stars came from this class and many of us were band and glee club members.

Each Wednesday night at Teen Tavern we were there and at all the street dances too. We found out they were lots of fun.

But everything wasn't play. We worked too. Who'd ever forget biology? I bet we'll remember those frogs and worms we dissected when we're a hundred. We struggled with Shakespeare, too, in this our sophomore year.

But despite the work, wasn't it fun? In the years to come some of our pleasantest memories will probably be of sophomore days.

MEMORIES OF SOPHOMORE DAYS

Those football games during physical ed. are almost like the real thing.

Ummm! It certainly looks good—'specially after waiting so long.

Miss Tucker's room tells us about the beginning of Thanksgiving.

Didn't we have a wonderful time at Patsy's party!

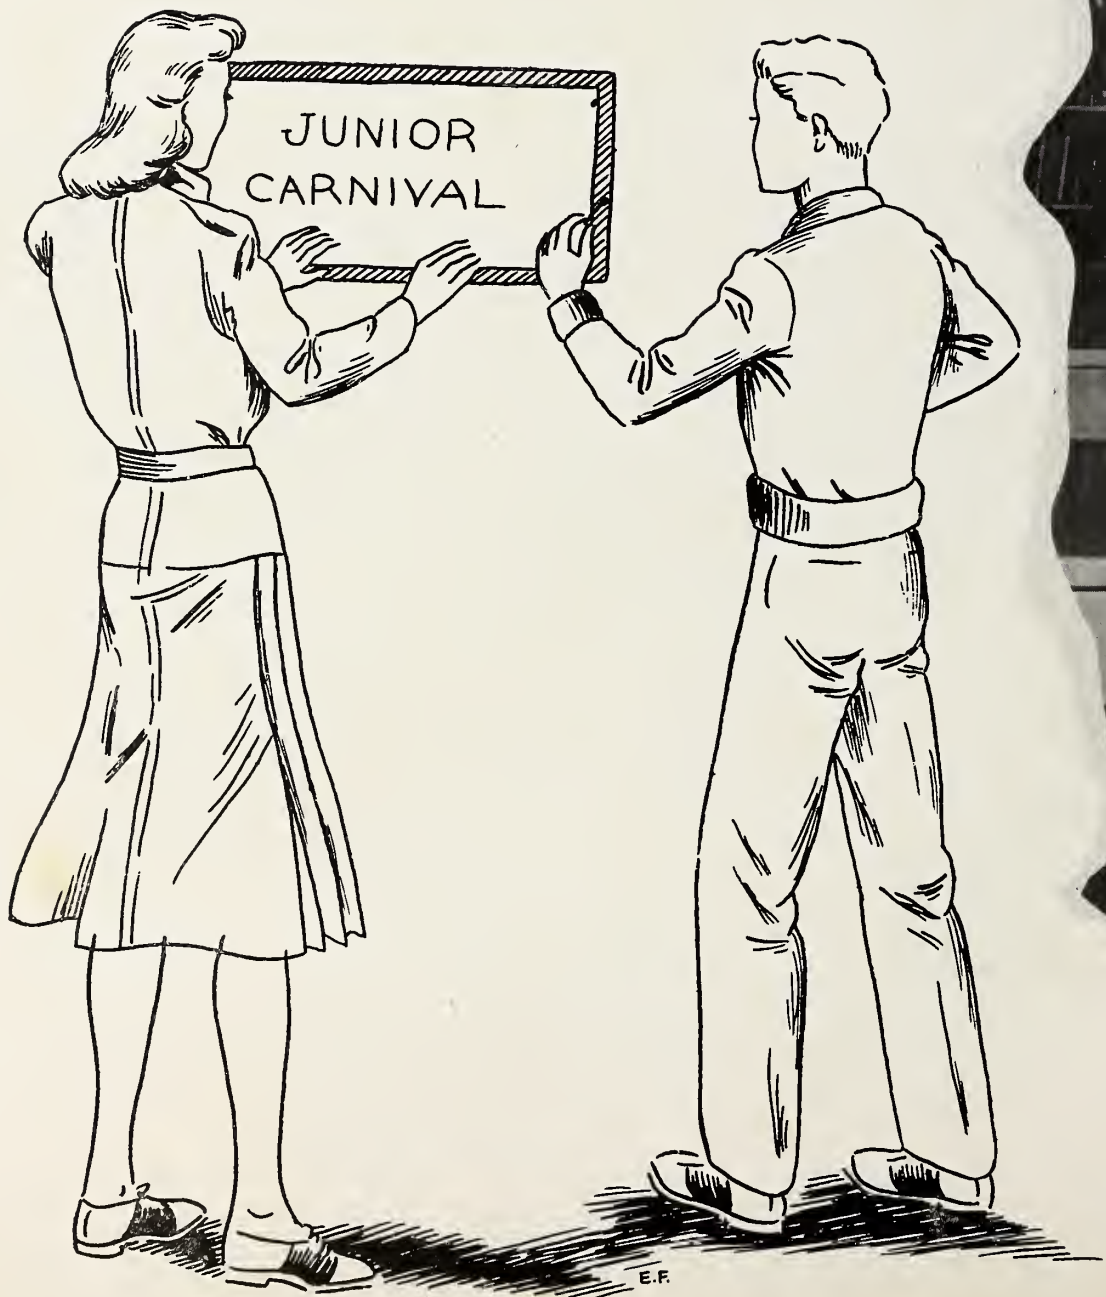

We were so proud of our Junior Red Cross exhibit.

Who would ever guess that dissected frogs could cause so much excitement?

At the end of our junior year we look back over a very bright and happy three years of E.C.H.S. life. It seems only yesterday when we were the green little freshmen in the midst of a new faculty, new school, new friends and new subjects. We remember vividly that sophomore year. After all, who could forget that daily bout with biology?

Then at last the memorable junior year came; we became the upperclassmen. We gave a junior play that was hard work but so much fun! Then we gave the traditional junior carnival, and made it bigger and gayer than ever before. Finally, we topped everything by honoring the seniors at the biggest event of the year, the junior-senior banquet and dance.

This was the year when we were asked to join the honor clubs and received their initiations. But the seniors were rather nice to us and they weren't so bad. Our activities, curricular and extra-curricular, kept us busy every minute but we loved it. That's what made junior days so much fun.

Our memories of this year are wonderful ones, but won't we be glad when next year comes and at last we become seniors.

SENIORS

June, 1949, and here are we, the senior class, slowly and nervously walking across the stage to receive our diplomas. It is a big moment, the climax of five years of work and fun in E.C.H.S.

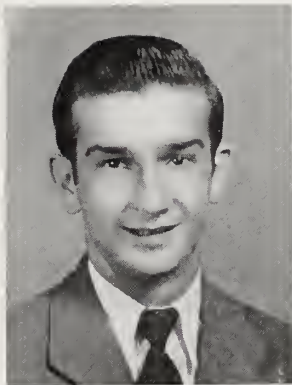

We remember the first year as green little eighth graders. That first day was strange and different and if it hadn't been for the safety patrol and sympathetic teachers we'd probably have given up then and there. But we learned, and soon our first three years of being inconsequential little underclassmen passed and the impossible was accomplished. We were actually juniors.

Junior life was more fun and our days more crowded. We joined honor societies and clubs.

Our athletes made the varsity teams, our musicians became band and glee club officers. Among the never-to-be-forgotten events of the year were the junior play, junior carnival, and the junior-senior banquet and dance.

At last the day arrived—September 16, 1948. Didn't it feel funny to walk up the senior walk that first time? That first chapel program with everyone standing when we entered made us know that we weren't just dreaming but we were really seniors. We headed the Student Council, the publications, and the clubs. What fun to be a senior!

Now it's almost over and the memories are all that's left, but oh what pleasant memories they are.

The campaigning is fast and furious just before elections for student body officers.

We present a trophy to the Williamston president at our big homecoming game.

The homecoming game is given a big send-off by a parade down Main Street.

In order to promote scholarship, leadership and good character among high school students, the Beta Club of Elizabeth City High School was organized in 1936. Since that time it has been an asset to the school through its annual projects and because it maintains a high standard among the students.

Each year the club awards a medal to the member of each class having the highest scholastic standing who is not a Beta Club member. There are practical values of the club as well as the promotion of scholarship. Last year it purchased a trophy case for the school, while this year it plans to build a bicycle rack. There will be one entertainment sponsored by the club in the spring.

The Hi-Y was organized in 1942, its purpose being "to create, maintain and extend throughout the home, school, and community, the high standards of Christian character."

In order to become a member of the Hi-Y one must be in the upper third of the junior or senior class, must possess leadership, and uphold Christian principles.

The club stands for clean living, clean speech, clean sportsmanship, and clean scholarship, and it has made its presence felt by carrying out worthy projects.

Projects for this year included feeding a needy child at the cafeteria and donating to Care, The World Youth Fund, and the Salvation Army. The club also sponsors the Infantile Paralysis drive in the school.

Making nut cups and favors for veterans' hospitals and toys for children in hospitals has been the main project for the year.

The Junior Red Cross is an organization which is always ready to serve anywhere it is needed. It is definitely an asset to the school.

The purpose of the 4-H Club is to give rural young people training in better practices of agriculture and homemaking, in the broader phases of community organization, and in the finer and more significant things of life.

Interesting projects in health, homemaking, and farming are carried on throughout the year.

In the 4-H Club both boys and girls have something to look forward to, for there are dress revues, wildlife camps, camp achievement days, fat stock shows, and the National 4-H Congress.

Lota Leigh Harrison, president of the club, won the state contest for the "Best Girl Record." The club won the best attendance prize at Camden 4-H Achievement Day.

Through the 4-H Club young people come to assume a personal responsibility for useful lines of service in the communities where they live.

The Junior Dramatic Club was organized to train freshmen and sophomores in self-expression and efficiency in dramatics. The club seeks to develop skill in all lines of play production and to develop and encourage drama as an art.

Everyone in the club has been given an opportunity to appear before the student body in a dramatic production. Three one-act plays have been produced and acted out by the members.

Through membership in the Commercial Club a student becomes familiar with commercial work.

It presents to its members the knowledge of duties and traits required in office work and instills a desire in its members to acquire the necessary skill and information to become a successful worker.

This year the Commercial Club has as its goal raising money to buy machines and equipment for the commercial department. A radio talent show is to be presented by the club. Last year the club bought commercial books for the library.

Each year E.C.H.S. takes part in the state-wide triangular debates. The topic for the debates this year is one of widespread interest.

It is: Resolved: that the United Nations now

be revised into a Federal World Government.

Besides providing enjoyment for those interested, debating gives practical experience and a good foundation to any speaking endeavor.

MUSIC

The Glee Club had two definite goals for this year and reached them both. They gave us two excellent performances, "The Christmas Story in Music" and "Musical Memories of 1949."

FOOTB

Elizabeth City High School's football team of 1948 starting out as underdogs with many green players finished a 6-3-1 season winning the six games in succession.

Only one serious injury affected the team, this being a dislocated shoulder received by Edward Tarkington. However, the capabilities of Leon Bray made up for Tarkington's injury.

After the season was over, Melvin Owens, first class tackle, received an invitation to play in the Optimist Bowl, the first to achieve this honor in our school in many years.

Cheering was a new thing to most of this year's junior varsity cheerleaders but they were eager to learn. These girls looked forward to each game and, win or lose, they were on hand with their cheers to back their team.

This Association has as its aim the sponsorship and promotion of a program of athletics that will be interesting, stimulating, and suitable for high schools girls.

As their projects for the year the association plans to acquire gym suits for the girls' physical education classes, send six girls to the Greenville play day, and sponsor a student vs. faculty basketball game. They also hope to sponsor a county play day to take place in the spring.
